# DuPont™ Corian® Cladding for Residential Property

**DuPont™ Corian®** was used to create the sparkling modern look of this extension to a family dwelling near York.

**Corian®** provides rainscreen cladding which is not only highly effective but also highly decorative.

**Corian®** is a creative and versatile material with which you can design not only a highly visual appearance, but also a cladding which will remain looking new and clean for many years.

**Corian®** is extremely durable and hard wearing, will not stain or fade, is easy to keep clean and retains its appearance over a long period of time.

By virtue of its longevity, resistance and renewability, **Corian®** can defy the test of time in both creating and preserving buildings of beauty.

**Corian®** comes in a variety of colours and patterns all of which can be used to create different effects.

**Corian®** is an extremely versatile material which can be easily fitted to either an existing building or to a new extension as shown in this case history.

**DuPont™ Corian®** combines superior aesthetics with extraordinary design flexibility which has been used to create this elegant extension.

DuPont™  
**CORIAN®**

**Corian®** panels are capable of creating expansive and sleek vertical surfaces with inconspicuous seams. Inspiring decorative options can also be created with textured panels.

*Versatile, long lasting and energy saving*
